SUMMARY

Product designer who ships end-to-end — strategy through launch — on complex B2B platforms (3,000+ daily users). Combines systems thinking, interaction design, and research with pragmatic AI-assisted workflows to move teams faster without cutting rigour. Track record across enterprise travel, financial comparison, and logistics SaaS, with measurable revenue and efficiency gains.

EXPERIENCE

Flight Centre Travel Group — Senior UI/UX Designer

2021–2025 · B2B travel booking & servicing · 3,000+ daily platform users (Helio)

- Redesigned high-friction post-booking amendment flows; cut average handling time from 8–12 minutes to 2–3 minutes.
- Embedded travel insurance in the booking journey; +45% attachment rate; add-cover flow ~30 seconds.
- Shipped one-click CRM-to-booking deep linking; ~45 seconds saved per customer lookup across 3,000+ staff.
- Owned discovery-through-optimisation for core Helio workflows used daily by consultants.
- Recognition: FCTG Global Lisbon selectee (2024); Buzz Night award (2022, 2023).

Canstar — Lead UI/UX Designer

2019–2020 · Financial comparison · consumer & internal platforms

- Redesigned comparison experiences and delivered an internal platform replacing manual workflows.
- Moved the team to Figma; built a shared component library and clear design-to-development handoff.
- Ran usability testing, workshops, and cross-product UX prioritisation.

Temando — UI/UX Designer

2015–2019 · Logistics SaaS · Magento merchant shipping

- Designed bulk shipping and dispatch workflows for high-volume e-commerce merchants.
- End-to-end design engagements for clients including Nike, Myer, and ASOS.
- Founded a UX guild and shared frameworks to align design practice across teams.

EDUCATION

- Master of Interactive Media — Queensland College of Art (2015–2016)
- Bachelor of Audio Engineering & Sound Production — JMC Academy (2011–2013)
